Lindner ECO Aluminium Unitized Facade

The value system technology – reliable and innovative

- slimline 80 mm sightline with a wide range of design options
- excellent thermal performance with Ucw values of up to 0.84 W/m²K
- tested fall protection with patented stainless steel spring clip fixing
- high degree of prefabrication for fast and reliable installation
- materially separable construction for straightforward dismantling and recycling
- flexible system solutions thanks to a modular design principle
