German National Library Leipzig

Leipzig, Germany

Lindner

© Lindner, Arnstorf (D)

Project Description

The fourth extension of the German National Library in Leipzig provides a depot for the inventory of the library and houses the book museum and the music archive. Lindner fitted the NORTEC raised floor system with applicated natural stone to the large exhibition hall at a size of 1.350m². Planning and realization: Gabriele Glöckler / ZSP-Architects.
