

System luminaire for Lindner baffle ceilings, equipped with LED technology.

The luminaire is adjusted to the shape of the baffle. Inclusive factory-side installation and cables.

Light is distributed via an opal acrylic cover.

Suitable for following Lindner ceiling systems.

LMD-L 601 (baffle width 50 mm)

LMD-L 608 (baffle width 50 mm)

LMD-L LAOLA (baffle width 50 mm)

Plafotherm® L 608 (baffle width 50 mm)

Type	Light System	Dimension (l x w x h)
LShine OS 4-4000	420 lm/m, 4 W/m, LED 840	l x 52 x 60 mm
LShine OS 8-4000	840 lm/m, 8 W/m, LED 840	l x 52 x 60 mm
LShine OS 12-4000	1260 lm/m, 12 W/m, LED 840	l x 52 x 60 mm

### Technical Information:

Voltage:	220-240 V / 50-60 Hz
Protection Class:	SK 3 / 1
Protection Type:	IP20
Ballast:	switchable, inside baffle
Cover:	opal
Colour:	white
Light Colour:	4.000K

### Options:

- Variation with different light colours
- Ballast DALI dimmable
- Colour adapted to ceiling
