

Residence board

3-layer boarded parquet

The panel parquet „Residenz panel „ is manufactured with great handcrafting ability in the own production. We offer different designs and formats. These can also only serve as a template. An individual creation in size, design and type of wood is possible. Formats ranging from approx. 400 mm x 400 mm up to approx. 1,000 mm x 1,000 mm can be produced. The combination with „Landhaus plank „ is possible as well. The multi-layered composition can be adjusted to match with the composition height of the „Chalet plank“.

Optional, the single elements can be bevelled. The slight bevels give the laying pattern a more distinct look. Thanks to the slight bevels, the filigree laying pattern of a panel parquet fully comes into its own

- Panel parquet form own production with highets quality
- Combination possibility with the „Chalet plank,,
- Genuine wood surface layer
