

Integrated system luminaire, equipped with LED technology.

Light is distributed via a black lense module.

Easy installation due to preassembled magnet holders on the cut-out.

On-site the luminaire can be inserted by clip-in.

One light module:  
consisting of 5 single lenses, 118 lm per lense.

Type	Lumen Output	System Power	Dimension (l x w x h)
RS03	590 Lumen	10 Watt	164 x 36 x 40 mm

### Technical Information:

Voltage:	220-240 V / 50-60 Hz
Protection Class:	1
Protection Type:	IP20
Ballast:	switchable, external
Cover:	lense
Colour:	black
Light Colour:	4.000K
CRI:	RA>90

### Options:

- Light Colour 3.000K
- Ballast DALI dimmable
- Variation for plasterboard ceilings
