

New development Nürburgring

Nürburg, Germany

Project Description

Since 2007 Nürburgring GmbH has been building a large leisure and business centre close to the race track. Amongst others a shopping centre, a bar area and a holiday village including a hotel were built on-site. The leisure and business centre reports on the race track and local sights. Lindner contributed extensive dry lining services to the indoor leisure park ring°werk, the ring°boulevard including the car exhibition and the VIP lounge.
