ESM Shopping Centre Stachus

Munich, Germany

Lindner

Lindner

Project Description

The underground Stachus Shopping Centre was built in 1970 in Munich's city centre. It provides 18,000 square metres of retail and circulation space which extends over two storeys and 45 retail units. 40 years after the construction, the renovation of the building was initiated. Lindner contributed to the renovation of this shopping centre by carrying out demolition, dry lining and general works.
