TRUMPF Development Centre

Ditzingen, Germany

Lindner

© Lindner, Arnstorf (D)

Project Description

The TRUMPF group extended their headquarters situated in Ditzingen in 2009 and built a new development centre for machine tools as well as a centre for Laser technology. Lindner designed unitised window facades, metal sheet cladding, stick systems and titan zinc facades amounting to EUR 6.2 m. In addition extensive dry lining work has been done and Lindner ceilings have been assembled.
