

Paracelsus-Klinik am Silbersee

Langenhagen, Germany

Project Description

Within a huge rebuilding phase the Paracelsus Clinic in Henstedt-Ulzburg was renovated in 2009/2010. The entire interior and exterior area of the complex was modernized. Lindner was responsible for the construction of an operating room and the adjacent rooms. In addition to ceilings, walls and floors Lindner designed and installed medical fittings. Furthermore the company carried out the design and completion of the entire technical fit out and medical technology of the building.
