

155 North Wacker Drive

Chicago, United States

© Lindner, Arnstorf (D)

Project Description

Hook-On Ceilings

The 194 meter high skyscraper at 155 North Wacker Drive in Chicago was decorated with the certificate LEED-CS Gold by the U. S. Green Building Council. Lindner produced and fitted the indoor and outdoor ceiling in the entrance area of the building. Special modifications guarantee a high level design combined with a high functionality regarding wind loads and seismic requirements. The LEED Gold Certification attests to the extraordinary quality standard.
