Project Description

Norsk Tipping is the headquarter of the Norwegian state lottery company. At the beginning of 2011 a new studio for the lottery draw was completed.

Lindner fitted the building with hollow- and raised floors. A special stage of blue lumen-panels emphasizes the lottery draw machine. A total of 1,368 m² of Lindner floor systems were installed, thereof 1,061 m² of NORTEC L 36 without covering, 250 m² of NORTEC L 34 with bamboo parquet and 57 m² of LUMEN H 38 satinato.
