Worms cultural- and conference center

Worms, Germany

Lindner

© Bernward Bertram

Project Description

The cultural- and conference center in Worms was newly build. Together with the generally refurbished festival building it is now known as "The Wormser". Lindner carried out extensive interior-fit out and carpenter works. The works covered wooden acoustic efficient wall and ceiling cladding, mobile partition walls and wooden doors as well as the furniture, the entire fit-out of the bistro and the renovation of the existing wooden surfaces.
