

BGW Headquarters Hamburg

Hamburg, Germany

Project Description

The renovation of the BGW headquarters included the complete gutting of the building and the removal of old facade structures. During the 4-years construction phase, the staff was relocated in the adjacent buildings. Lindner executed extensive dry lining works and completed the necessary fire protection renovation. Different rooms were fitted with glass and commercial partitions.

- **Dry lining**
Plasterboard ceiling systems
Plasterboard partition systems
- **Doors**
Aluminium Tubular Frame Doors
Wooden doors
