Local Court Dresden

Dresden, Germany

Lindner

© Lindner, Arnstorf (D)

Project Description

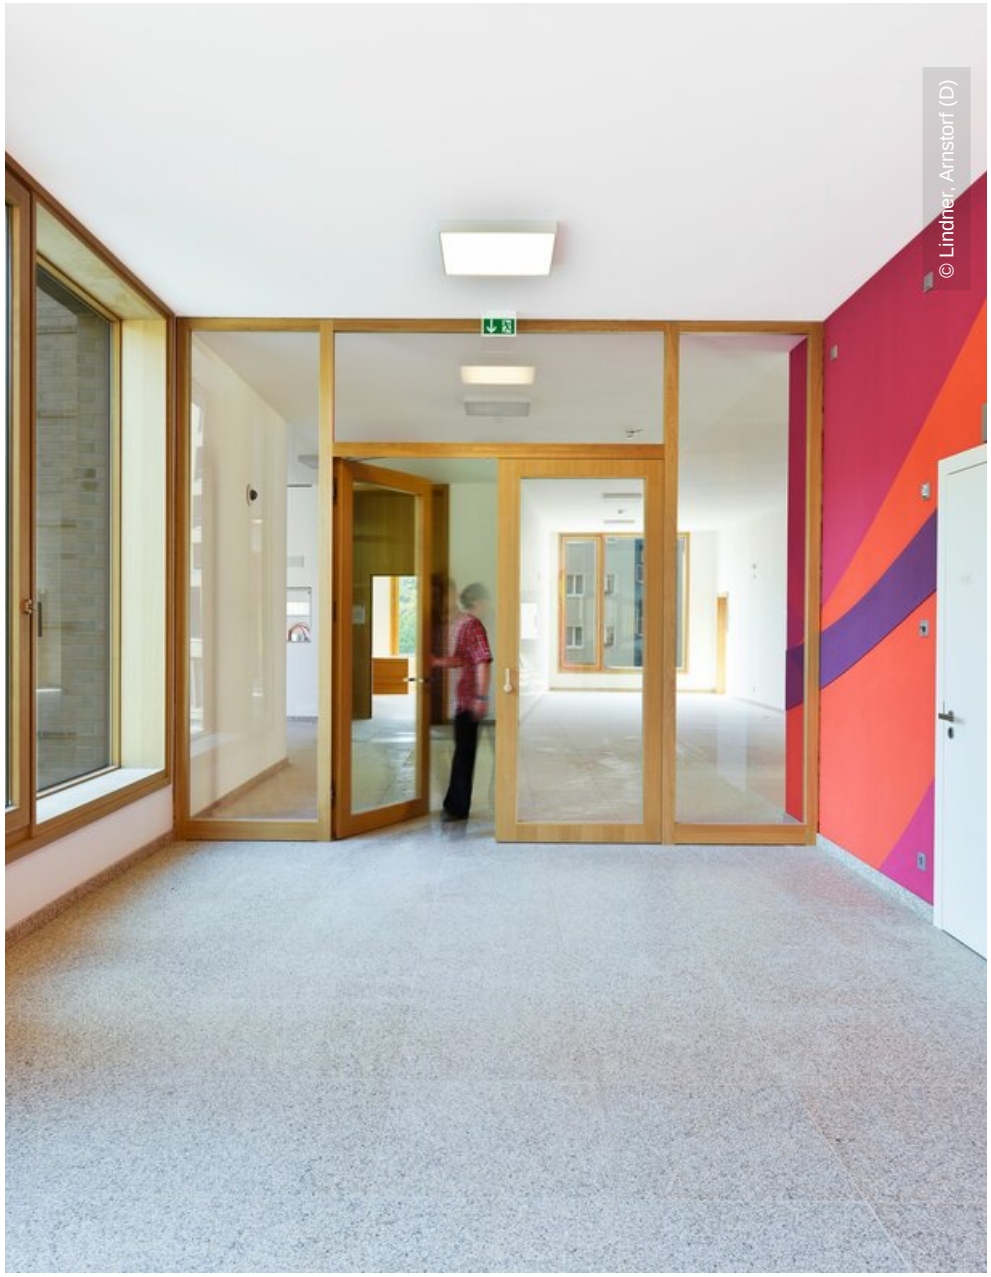

Lindner installed a total of 400 oak veneer doors in the offices, conference rooms and corridors of the Local Court of Dresden. The product range included fire protection doors, smoke control doors as well as sound insulation doors. Due to the special use of the building some of the doors were executed with intruder protection characteristics, some of them were fitted with excessive dimensions and with automatic operation.
