

Höfe am Brühl

Leipzig, Germany

Project Description

On an area of 22.300 m² and 3 levels, the Höfe am Brühl is a shopping center which includes over 120 shops and eateries. Additionally, there are 820 parking spaces in the second level, as well as 31 flats that are integrated in the third and fourth level. Lindner carried out all facade works as well as glass fibre reinforced concrete works and heat supply systems. Moreover, we executed the interior works for multiple shops, the costumers toilet on the first floor.
