

# **Bikinihaus Berlin - Zoo Palast**

Berlin, Germany

© Jan Bitter

# Project Description

Within the framework of the bikini project, the first project phase, the zoo palace, was opened in November 2013. The building offers 1,650 seats in seven different cinemas. Lindner installed in each hall new floors. Extra caution had to be taken to the restoration of cinema 1 with the installation of a step construction for the seats as well as the extravagant stage with an integrated waterfall, collecting tanks and various light boxes.
