

# Mumbai Airport T2

Mumbai, India

## Project Description

One of the most distinctive characteristics of the Chhatrapati Shivaji International Airport Terminal 2 is its closeness to the native culture. The largest art exhibition of the country can be found in this terminal, giving arriving passengers a warm welcome with an insight into local culture. The building has an annual capacity of 40 million passengers and a LEED Gold certification.

Lindner supplied 120,000 m<sup>2</sup> of metal ceilings with ARTline Design Powder Coating to this project, giving the ceilings a wooden appearance.

## Completed Works

- **Ceilings**

Hook-On Ceilings  
Powder Coating  
ARTline

120000 sqm
