

CFO Pharma Headquarters

Tirana, Albania

Project Description

CFO Pharma is a premier Albanian pharmaceutical company, established in 2002. Their main focus is the registration, importation, distribution, sales, marketing, promotion and exportation of pharmaceuticals, medical devices and food supplements. The company has recently built a new headquarters in Tirana to consolidate its resources and lay the foundation for future growth.

Lindner contributed to the interior fit-out of the new headquarters of CFO Pharma. The local team of Lindner Albania supplied and installed glass partitions of type Lindner Life Pure 620, Hybrid 622 and Freeze 137 as well as wall claddings of type Lindner Free Wood and Metal. Wooden and glass doors were seamlessly integrated into the partition systems. Furthermore, a large quantity of Lindner Floor systems was installed, including NORTEC, LIGNA and LUMEN raised floors as well as FLOOR and more® hollow floors. The high-quality interior was finished with Lindner metal ceilings, both as a hook-on system of type LMD E 200 and as canopy ceilings of type LMD DS 312.
