

The Icon - Tenant Fit-out and Mall

Vienna, Austria

Project Description

THE ICON VIENNA is a building ensemble that consists of three towers of different sizes that are connected through a base building. The ensemble's main use is for office spaces, which are distributed on about 74.000 m² throughout the three towers. Additionally, the base building offers a selection of retail shops, restaurants and a gym on an area of about 7.300 m².
