Project Description

HAUSER is a traditional supplier of turnkey refrigeration systems, for example in the form of refrigerated shelves, counters and freezer cabinets. Besides its headquarters in Linz, Austria, the company also operates a plant in Budweis, Czech Republic. An office building there was equipped with ceiling and floor systems from Lindner. In cooperation with the local partner Kunstruktis Delta s.r.o., Lindner Plafotherm® DS 320 Type 1 metal ceilings with integrated heating and cooling functions were supplied. With regard to the floor systems, LIGNA and NORTEC raised floors were used.
