Gensler Office in LA

Los Angeles, United States

Lindner

© 2012 Ryan Gobuty / Gensler

Project Description

Our LMD-St 213 hook-on expanded metal ceiling system with large 4 ft. x 4 ft. expanded metal panels and accentuated joints was used to provide a clean monolithic plenum look through all three floors at the recently renovated Jewel Box building in Los Angeles, CA. An open look providing a clean background to showcase the architectural features through the space.
