ITE Group Headquarter Interior fit-out

Tirana, Albania

REALOBJECTS

PDFReactor®

Evaluation Version

This PDF document was created by an evaluation version of RealObjects PDFReactor 12.0.0 (16745). The evaluation version is fully functional, but includes this information page. It must not be used for production purposes. The information page and all other evaluation notices must not be removed from the PDF file.

NOTE: Conversions in evaluation mode might be slower and the results might have a larger file size than in production mode.

About PDFReactor

RealObjects PDFReactor is a powerful formatting processor for converting HTML and XML documents into PDF. It uses Cascading Style Sheets (CSS) to define page layout and styles. The server-side tool enables a great variety of applications in the fields of ERP, eCommerce and Electronic Publishing.

PDFReactor supports HTML5, CSS3 and JavaScript.

It allows you to dynamically generate PDF documents such as invoices, delivery notes and shipping documents on-the-fly. PDFReactor allows you to easily add server-based PDF generation functionality to your application or service. Since PDFReactor runs on a server, the end-user in general does not need any software other than a PDF viewer.

Project Description

"ITE Group" was introduced into the Albanian market as one of the leading companies providing electrical materials, electronic and telecommunication devices.

Lindner Albania has been in charge of the interior fit-out of the showroom and office areas. Our high-quality systems contribute to the interior design by giving the entrance a modern look.
