GROßHADERN CLINICAL CENTRE

MÜNCHEN, GERMANY

Description:

The newly constructed operating centre of the Ludwig-Maximilian-Universitätsklinik offers 32 modern operating theatres. These rooms were tailored to the specific requirements of the many departments centralized in the building.

A subsidiary of Lindner Group, the clean-room specialist Lindner Reinraumtechnik GmbH, was responsible for the fit-out of all 32 operating theatres as well as the 2nd and 3rd floor of the building.
